Dear Mr. Walters:

I am writing with regard to six Chilean citizens who have been detained by the Chilean government since September, 1973. The six people are: Dr. Carlos Zamorano, director of Linares Health Zone; Ariel Munoz, magistrate of Linares; Victor Eduardo Velastin Rodriguez; Alvaro Rodrigo Plaza Fernandois; Julio Edgardo Pancetti; and Hector Hellado Eiez.

I do not know why these people have been detained, whether any charges have been brought against them, or their present whereabouts. I am deeply concerned for their safety. I have written President Pinochet and all the members of his cabinet about these people, but have received no replies.

I would like to ask you to send me any information you can about these six people, and to make inquiries for me regarding their present whereabouts, legal situation, well-being, and prospects for release. I thank you for your help and look forward to hearing from you.

Sincerely yours,

Dan Kelliher
